About us _____

Ishika Sanitary And Hardware Udyog, founded in 2021, has grown into one of India's most reliable faucet brands, having a significant presence in the residential, public, and other private and commercial sectors across the country.

The Group has developed over time into one of the suppliers of kitchen and bathroom faucets in numerous states of India.

Ishika's team of professionals always goes above and beyond to provide customers with goods that have an unbeatable cost-effective design-quality ratio.

The Group has earned a reputation for continuously improving its product line while keeping in mind the needs of sophisticated clients.

Ishika has a diverse dealer network that is spread throughout India.

The Group also employs a group of highly skilled customer service representatives that excel in their line of work and ensure that customers are completely satisfied long after they have purchased products from Ishika.

Ishika is certain that its production and related operations stick to a clean, green environment and minimise waste in its operations.

Ishika has made a reputation for itself by offering the greatest goods in the nation's kitchen and bath faucet industries, and it looks forward to achieving the top spot in the market for full bathroom solutions in the next few years.

BUILT ON THE
HIGHEST QUALITY
STANDARDS

At ISHIKA, we believe in redefining luxury through unmatched craftsmanship and attention to detail. Our bathroom accessories and brass faucets are meticulously crafted to deliver elegance, durability, and a seamless experience that exceeds expectations. Every product we create is a testament to our commitment to quality and a promise to bring timeless sophistication into your spaces.

Choose ISHIKA – where quality is a standard, not a compromise.

Our exacting manufacturing standards are amongst the very best in the industry

& Polish

Quality Control

Technical Specification

Single Lever Cartridges

A cartridge, being the most critical part of Faucets, controls the flow of water.

Engineering team designs its cartridges to assure maximum performance in terms of basic valving function, resistance to liming, and problem-free usage.

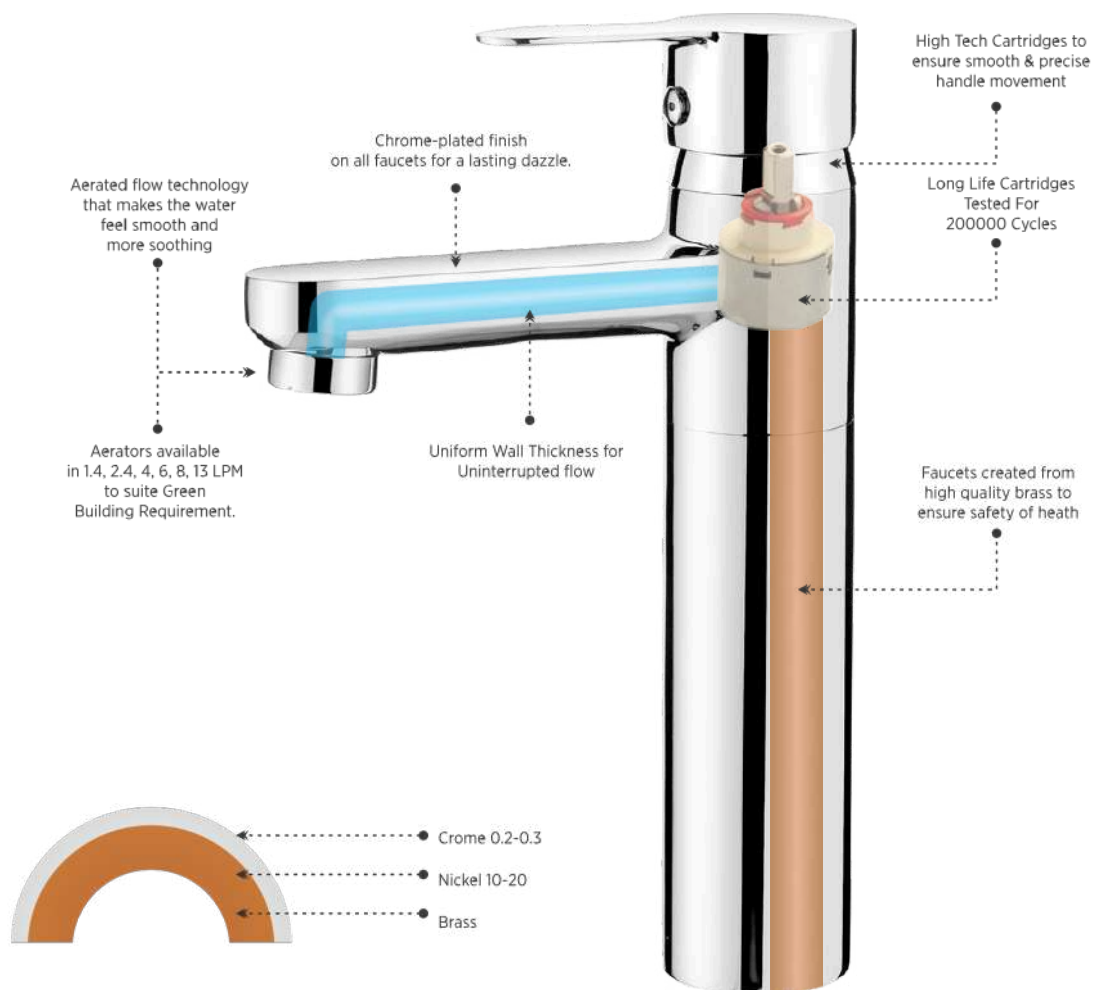

Brass Headworks

All the quarter turn Faucets, use brass headwork to give longer lasting operation.

Each & every fitting undergoes state of the art hydrostatic testing at 10 bar to ensure product quality and leakage free operation.

Honeycomb Aerators

The honeycomb structure replaces the conventional meshes prone to lime formation. Its structure can't be crushed, thus leading to an extended life. The anti-clogging dome screen, filters the impurities & sediments.

10 YEARS WARRANTY

We stand behind the exceptional craftsmanship and durability of our faucets, offering a generous 10-year warranty that covers any manufacturing defects or malfunctions, providing you with peace of mind and assurance in your investment.

Invest in excellence with our 10-year warranty and discover the unmatched quality and reliability of our faucets

Elevate your living spaces with the assurance that your investment is protected for the long haul. Choose ISHIKA for an exceptional faucet experience that will stand the test of time.

A close-up photograph of a modern, chrome-finished faucet. A single, large, perfectly spherical drop of water is suspended just below the faucet's aerator, illustrating the concept of water conservation. The background is a soft, out-of-focus blue.

WATER SAVING AERATORS

60% WATER SAVING GUARANTEED

Introducing our innovative line of faucets, meticulously designed to not only enhance your daily routines but also to promote water conservation and sustainability. Our faucets come equipped with cutting-edge Water Saving Aerators, setting a new standard in eco-friendly plumbing solutions.

Our faucets are equipped with state-of-the-art Water Saving Aerators that regulate and optimize water flow without compromising performance. These aerators infuse air into the water stream, creating a luxurious and steady flow while reducing water consumption.

EVERSHINE PRODUCT FINISH AND HIGH CORROSION RESISTANCE

1. Our faucets are designed with an exclusive Evershine Product Finish that sets them apart from the rest. This specialized finish ensures that your faucet maintains its pristine appearance over the years, resisting tarnishing, scratches, and fading caused by daily use and environmental factors. The Evershine Product Finish adds a touch of elegance to your kitchen or bathroom, making it the centerpiece of your space.

2. High Corrosion Resistance: We understand the challenges of maintaining faucets in high-moisture environments. That's why our faucets are engineered with High Corrosion Resistance, providing an additional layer of protection against rust and corrosion. Say goodbye to unsightly marks and stains, as our faucets are built to withstand the test of time and retain their allure.
